Construction Manager (m/f/d) – Technical Insulation – Jena

Description

Welcome to TLC – your next career step with responsibility.

With 230 permanent employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacture, installation and maintenance of building equipment and supplying solutions of high German quality for construction projects throughout Europe.

If you have an entrepreneurial mindset, enjoy taking on responsibility and want to play an active role in shaping a modern working environment, then you've come to the right place!

We are looking to hire you as soon as possible as an **experienced construction manager for the Technical Insulation department (m/f/d)** on a full-time basis.

Location: Jena

What we can offer you in addition to our experience:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top-Notch Benefits & Fair Compensation:** Company cars and smartphones for our field staff, an attractive salary, and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

Responsibilities

- You will be responsible for independently overseeing and managing construction sites nationwide in the field of **technical insulation**.
- One focus is on **preparing take-offs for ordering materials and billing**, as well as on **sheet metal take-offs for production**.
- They regularly consult with clients, project managers and subcontractors and coordinate the construction process.
- You will also instruct fitters, manage their deployment and monitor quality and performance on the construction site.
- You are also responsible for complying with health and safety regulations.
