Construction Manager, Technical Insulation (m/f/d) – Berlin Location

Description

With 280 full-time employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacturing, installation, and maintenance of building systems, and we provide high-quality German solutions for construction projects throughout Europe.

If you have an entrepreneurial mindset, enjoy taking on responsibility and want to play an active role in shaping a modern working environment, then you've come to the right place!

We are looking to hire you as soon as possible as an **experienced construction manager for the Technical Insulation department (m/f/d)** on a full-time basis.

Location: Berlin (with travel required)

What we can offer you in addition to our experience:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top-Notch Benefits & Fair Compensation:** Company cars and smartphones for our field staff, an attractive salary, a company retirement plan, and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

Responsibilities

What you can expect from us:

- You will be responsible for independently overseeing and managing construction sites nationwide in the field of **technical insulation**.
- One focus is on **preparing take-offs for ordering materials and billing**, as well as on **sheet metal take-offs for production**.
- They regularly consult with clients, project managers and subcontractors and coordinate the construction process.
- You will also instruct fitters, manage their deployment and monitor quality and performance on the construction site.
- You are also responsible for complying with health and safety regulations.

Qualifications

What you bring with you:
