Division Manager for the Insulation Department (m/f/d) – Klipphausen

With 230 permanent employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacture, installation and maintenance of building equipment and supplying solutions of high German quality for construction projects throughout Europe.

TLC is undergoing a strong growth process and Denmark is one of our strategic growth areas.

If you have an entrepreneurial mindset, enjoy taking on responsibility and want to play an active role in shaping a modern working environment, then you've come to the right place!

We are looking for an experienced, full-time **Head of Insulation (m/f/d)** to start as soon as possible.

Location: Klipphausen

This is what you can expect from us:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top equipment & fair remuneration:** company car and smartphone for our colleagues in the field, attractive salary and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

What you can expect from us:

- Project planning and costing: Includes capacity and deployment planning for assembly personnel and subcontractors, quotation preparation, order processing and invoicing.
- Technical and commercial project management: responsibility for managing assembly personnel and subcontractors, meeting deadlines, tasks, quality and budget targets and coordinating material requirements and logistics with the project manager.
- Project acquisition and negotiations: Active acquisition of new projects including proposal preparation and negotiations.
- Personnel development and training: training, instruction, evaluation and further development of technical personnel in close cooperation with the project manager.
- Quality management and communication: Continuous quality assurance and

productivity enhancement, ensuring smooth communication with customers, engineers and project managers, market and competition monitoring, cost and performance control as well as follow-up management.

What you bring with you:

- You have completed training or have a comparable qualification and have several years of experience in project management and handling major projects in the field of insulation, fire protection or ventilation technology.
- It goes without saying that you are proficient in MS Office applications and fluent in written and spoken English.
- Personally, you are characterized by a high level of commitment, flexibility and a reliable, loyal and quality-oriented way of working.
- You have strong communication skills and are a confident, strong leader with employees, customers and partners.
- Willingness to travel as part of ongoing construction projects as well as a valid EU work permit and a class B driver's license round off your profile.

Fancy a change?

Are you looking for an exciting professional challenge, but our current vacancies don't quite meet your expectations? Then show us what makes you unique and send us an unsolicited application! We look forward to receiving your detailed application including salary expectations and earliest possible starting date by e-mail to:
