as of now

Duration of employment
unlimited

Industry
Building trade

Job Location
Amalienbadstraße 41, 76227, Karlsruhe, Baden-Württemberg, Deutschland

Date posted
23. March 2026

Description

With 230 permanent employees and more than 220 freelancers,
has been supporting its customers for many years in the planning, manufacture, installation and
maintenance of building services equipment, delivering solutions of the highest German
quality for construction projects throughout Europe.

Gebäude- und Fertigungstechnik GmbH is a subsidiary of TL
Concept GmbH and specializes in ventilation, air conditioning and refrigeration systems
.

Our common goal is to ensure the highest quality and maximum efficiency for our customers. We specialize in the implementation of major
projects and framework contracts throughout Germany and in
other European countries.

To strengthen our team in Karlsruhe, we are looking for a**project manager (m/f/d) for the specialist area of heating, cooling, ventilation, sanitation** at the earliest possible date.

Place of work: Karlsruhe

This is what you can expect from us:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winning mentality.
- **Attractive framework conditions:** permanent employment in a modern, internationally positioned company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level, paired with regular company events.
- **Top equipment & fair remuneration:** company car and smartphone for our colleagues in the field, attractive salary and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

Responsibilities

What you can expect from us:

- As a project manager, you will be responsible for the technical and commercial management of construction projects – including planning, costing, preparing quotations and invoicing.

- The capacity and deployment planning of fitters and subcontractors is just as much a part of your job as the coordination of materials and logistics in close cooperation with the site manager.
- You ensure that projects are completed on time, on budget and to a high standard of quality by consistently monitoring implementation and adhering to all specifications.
- In your role, you are the central point of contact for clients, engineers and other project participants – and ensure a smooth flow of communication.
- Varied construction projects in Germany and other European countries offer you an exciting working environment with a high level of personal responsibility.

Qualifications

What you bring with you:

- Several years of experience in project management or construction management – ideally in supply engineering or technical building equipment – are a good basis for your entry.
- Completed training as a master craftsman or technician, or alternatively a relevant degree, qualifies you for this position.
- Negotiating skills, assertiveness and a confident manner are among your personal strengths.
- You are characterized by a responsible, quality-oriented and team-oriented way of working.

Job Benefits

What we can offer you in addition to our experience:

- an **open-ended** employment contract
- an attractive salary
- Company health insurance
- the company pension scheme
- our own employee app
- systematic onboarding
- a **secure job** in a constantly growing company
- a familiar working atmosphere
- **30 vacation days**
- Individual development opportunities
- Further training opportunities
- **modern IT** equipment
- Regular, fun & sporty company events

If you feel that our company is a good fit for you, we look forward to receiving your application, stating your earliest possible starting date and salary expectations, to **bewerbung@tlconcept.eu**
