Project Manager for Technical Insulation (m/f/d) – Hamburg

With 230 permanent employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacture, installation and maintenance of building equipment and supplying solutions of high German quality for construction projects throughout Europe.

TLC is undergoing a strong growth process and Denmark is one of our strategic growth areas.

If you have an entrepreneurial mindset, enjoy taking on responsibility and want to play an active role in shaping a modern working environment, then you've come to the right place!

We are looking for an experienced full-time **Project Manager for the Technical Insulation department (m/f/d)** with the option of developing into a Branch Manager.

Location: Hamburg

This is what you can expect from us:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top equipment & fair remuneration:** company car and smartphone for our colleagues in the field, attractive salary and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

What you can expect from us:

- You will be responsible for the complete coordination of construction projects – including scheduling, order processing, materials planning, invoicing and cost control.
- They manage the installation personnel on site, ensure smooth deployment planning and maintain a daily overview of all processes on the construction site.
- They ensure compliance with all safety regulations, guarantee order on the construction site and coordinate vacation and absence times.
- In collaboration with the project manager, you will train, supervise and develop the technical staff.
- They ensure quality and productivity on the construction site and ensure clear, solution-oriented communication with customers, project managers

unlimited

Industry

Building trade

Job Location

Sinstorfer Kirchweg 74-92, 21077, Hamburg, Hamburg, Deutschland

and other parties involved.

What you bring with you:

- You have several years of experience in the successful completion of technical projects, ideally with a focus on industrial or building services insulation.
- Your qualification as an engineer, *technician* or foreman in the field of supply or building services engineering forms the basis of your professional expertise.
- You have excellent negotiating skills, strong communication skills and a confident and assertive manner – even in challenging project situations.
- You have initial management experience and know how to lead and motivate teams in a target-oriented manner.
- A professional and responsible demeanor, coupled with entrepreneurial thinking and a high level of quality awareness, round off your profile.

Fancy a change?

Are you looking for an exciting professional challenge, but our current vacancies don't quite meet your expectations? Then show us what makes you unique and send us an unsolicited application!
