Project Technician for Insulation Measurement & Billing (m/f/d) – Nationwide

Description

Shaping the Future Together.

TL Concept GmbH is a company operating nationwide in the field of technical insulation for industrial and plant construction projects. With our qualified staff, we carry out challenging projects for renowned clients throughout Germany.

With 280 full-time employees and over 220 freelancers, we have been supporting our customers for many years in the planning, manufacturing, installation, and maintenance of building systems, and we provide high-quality German solutions for construction projects throughout Europe.

To strengthen our team, we are looking for a dedicated **Project Technician for Insulation Quantity Surveying & Billing (m/f/d)** to serve as the liaison between the construction site and the project office.

Location: Klipphausen near Dresden

What we can offer you in addition to our experience:

- **Responsibility & variety:** An exciting role with creative freedom in a dynamic company with a real winner's mentality.
- **Attractive framework conditions:** permanent employment in a modern, international company.
- **A work culture that inspires:** open communication through our own employee app, flat hierarchies and collegial cooperation at eye level paired with regular company events.
- **Top-Notch Benefits & Fair Compensation:** Company cars and smartphones for our field staff, an attractive salary, a company retirement plan, and company health insurance.
- **Further development included:** Professional and personal development as well as the option of working on exciting and future-oriented projects throughout Germany.

Responsibilities

What you can expect from us:

- Conducting site surveys at our construction sites throughout Germany
- Recording and Documenting Quantities and Work Progress
- Preparation of measurement documents for project billing
- Supporting project management with performance reports and addenda
- Review and Maintenance of Project and Construction Site Documentation
- Coordination with construction managers, lead technicians, clients, and subcontractors
- Assistance with the preparation of invoices and project documentation
